

## STUDENT EVALUATION OF MY TEACHING

The purpose of this survey is to collect information from my students to help me improve my teaching. I am doing this because I value your feedback and comments.

Please be **fair** and **honest**, and **think** carefully about your answers; that way I can continue to do things that work for you and change those things that don't work.

**Tick** the **ONE** response for each statement that best matches my teaching.

Add comments if you wish at the end of each section, or general comments at the very end.
